

K-LOVE serves me as a resident of Omaha, NE and also serves me when traveling throughout the United States. It is a very important part of the community in Omaha as well as the other cities in which it broadcasts. Replacing K-LOVE with an LPFM broadcaster would have a significant negative impact on the communities in which K-LOVE serves. The music and message are family-friendly and serve the public interest by providing wholesome, appropriate, positive messages and music. Secular stations do not serve the public interest in the manner in which K-LOVE does which is evidenced by the fact that they've been on the air for many years and continue to be 100% listener supported. Please do not replace the K-LOVE signals with LPFM service.
